UNIVERSITY OF SAN DIEGO

Remodeling projects will begin soon

After departments across campus vacate their current offices for new quarters in the University Center, a series of office renovations and relocations will get under way across campus. Among the scheduled projects:

Serra Hall

Remodeling the existing student union area in the Serra Hall basement will be the first priority. The space will be renovated to accommodate expanded laboratory space for biology and physics, a new electronics lab for electrical engineering, a computer lab and classroom, and about 30 offices for math, computer, electrical engineering and other science faculty.

Demolition work is scheduled to occur in January during Intersession, according to **John Zeterberg**, director of Physical Plant. Construction will be completed, he says, by mid-1987.

Also in 1987, the Financial Aid Office will gain the space on the second floor of Serra vacated by Student Affairs. The Admissions Of-

fice, located across the hall from Financial Aid, also will be renovated at that time.

Camino Hall

Remodeling of the existing dining area in Camino Hall into space for fine arts and the Naval Reserve Officer Training Corps (NROTC) program will be the number two priority after the Serra Hall project.

The existing dining room in Camino will be renovated into a performing arts center - likely equipped with a movable stage and seats. The center will give the fine arts department the capability of staging productions in a more intimate setting than Camino Theater as well as providing space for dress rehearsals, Zeterberg says.

Another rehearsal room, a photography lab and a student art center for exhibiting art in a gallery-type setting also are planned for fine arts in the vacated Camino space.

The NROTC program will gain several new offices to be constructed in space now occupied by the Camino kitchen, Food Service offices and along the back of Camino Hall. The space will help accommodate the growth which has occurred in the NROTC program.

The Student Health Center also will be expanded during Camino renovations.

Zeterberg expects the Camino work to be completed in the 1987-88 time frame.

Other moves

As the office shuffle continues, College of Arts and Sciences faculty and University Relations units will receive space in Guadalupe Hall. Human Resources will gain the DeSales Board Room and President's Dining Room to meet space demands, and Financial Affairs will expand into space provided as faculty consolidation into Serra and Guadalupe Halls takes place.

"Additional plans will be firmed up as space needs are clarified and priorities

established," Zeterberg says.

East campus construction

Framing is under way on the 156-unit student apartment complex under construction next to the Sports Center. The apartments, which will help meet the demand for campus housing, will be completed early in the summer and will be ready for occupancy by fall 1987.

Four new tennis courts also are under construction next to the housing. The tennis courts - with lights for night play - will

be completed by January 1.

A new softball field in the northeast corner of campus is finished. It will be used for intramural games spring semester. Grading work for a road connecting the field to Santa Anna Road is in progress.

In the same area, crews are trucking in soil to what will be the future site of a track and soccer field.

A site for a child care center in the east campus area also has been identified, according to Zeterberg. The site is just east of the existing intercollegiate baseball field. Feasibility studies have been completed for a 5,000-square-foot center capable of handling 35-45 children daily.

No tentative date has been established for con-

struction because the project is dependent upon University fund raising efforts.

Other projects

Feasibility studies have been completed and architects are working on schematic drawings for a 24,000-square-foot addition as well as remodeling of the Kratter Law Library. The addition and remodeling will help relieve the library's overcrowded conditions.

Construction start-up is dependent upon University fund raising efforts.

Finally, work crews have completed a landscaping project at Casa de Alcalá, the home of President Author and Marge Hughes located northwest of Copley Library. The project was designed to enlarge the outside lawn area to accommodate social gatherings at the house, Zeterberg explains. ■

Here's help for those holiday blues

For many reasons, the holiday season can be a time of stress rather than joy and happiness for many people.

The University of San Diego provides the services of an Employee Assistance Program (EAP) to assist anyone desiring help in dealing with problems that can be especially acute during the holidays. For assistance call 275-2320 to make an appointment to talk with the EAP counselor. If you would like further information about the program, please call **Lou Hassan** at ext. 4594. The EAP provides **confidential** services. ■

Alcalá View is published monthly August through May by the Publications and Human Resources offices. The newsletter is distributed to all University of San Diego employees.

Need to lose some of that extra weight you're likely to gain during the holiday season? You can lose those pounds by enrolling in employee aerobics classes, which will be offered again next semester. Watch for registration details soon, or contact **Barbara Walsh** at ext. 4490 for details.

Sheltz perfect in trivia contest

Stephanie Sheltz submitted a perfect entry and then won a tie-breaker drawing to finish on top in November's Alcalá View trivia contest.

She receives a \$5 gift certificate redeemable at El Tecolote restaurant.

Sheltz, secretary in the Constituent Relations Office, bested **Debbie Gough**, who also submitted a perfect entry, in the drawing.

Below is quiz four, which is open to all USD employees. The winner will receive a \$5 gift certificate from El Tecolote Restaurant.

Because Alcalá View will not be published in January, deadline for December contest entries is 5 p.m. Thursday, January 15. Entries should be submitted to the Publications Office, DeSales 274.

Therese Crom

Therese Crom, Food Service:

"La Jolla. When I go to the beach, I like to go and watch sunsets and walk along the shore. Also, it's less crowded."

Rodney Dunn, Financial Aid:

Del Mar. The reason I think it's the best is because it's always clean and it stretches out so long and wide. And there's a lot of beautiful people."

Kathi Goldman, Housing:

The Children's Pool in La Jolla. It's a nice, safe place for my children to go. They can pick up crawlies and things. Also, it's a great view of La Jolla."

Danny Marinos, Mail Center:

"I don't go to the beach a lot, but when I do, I like to go to Mission Beach. It's not as crowded as the others, it seems to me. I don't know why it's my favorite, I just like it." ■
