# FACULTY & STAFF NEWS BULLETIN

## University of San Diego

### College for Men

**This Bulletin is issued every other Monday during the academic year. Material to be included in the next issue should be submitted to the editor by the Tuesday preceding the next issue.**

A. Paul Theil, Editor

6 May 1966

Vol. III, No. 12

#### DIRECTOR OF SCHOOL RELATIONS

A counseling program was held April 28 at St. Augustine High School for 40 seniors who have indicated interest in the University of San Diego. Representatives from the four academic divisions and the Department of Education participated. Father Eagen would like to give special thanks to Dr. Peterson, Dr. Theil, Mr. Saleses, and Mr. McCabe for their cooperation.

\* \* \* \* \*

Students from Memorial Junior High and Southwestern Junior High recently visited the University in conjunction with the efforts of the anti-poverty program to orient students from low income areas toward higher education. Mr. Frank Ponce assisted Father Eagen in this program.

\* \* \* \* \*

Father Eagen would like to express his gratitude to the faculty and members of the administration who participated in our Open House on Sunday, April 24. Thanks also to Mr. Pearson and Mr. Parker for their counseling time with students and parents on April 16 and 30. These occasions were a great success.

\* \* \* \* \*

Father Eagen recently spoke to the Optimist Club in San Diego and has been invited to give commencement addresses at Notre Dame High School in Riverside and Mercy College of Nursing.

#### DEPARTMENTAL NOTES

Chemistry: We are happy to announce that Mr. Alan Fay, a chemistry major in his junior year, has been awarded an Undergraduate Research Participation Grant at San Diego State College through the National Science Foundation. This award carries a stipend of \$600 for a ten week program this summer during which time Mr. Fay will be engaged in a chemistry research project under the supervision of a staff member at San Diego State College. This is one of 16 awards that have been made available at SDS to qualified undergraduate majors in chemistry. It is the purpose of this program to give the student a relatively individualized experience in scientific investigation that will aid in his scholarly development and help prepare him for graduate study and research.

Dr. D. B. Peterson of the Department of Chemistry has received a summer appointment as a Research Scientist at the Lawrence Radiation Laboratory of the University of California at Berkeley. Dr. Peterson will be working in a research group headed by Professor Warren Garrison of Berkeley. The group is primarily interested in the radiation chemistry of aqueous systems - particularly those with biological significance.

Athletics: Coach Woolpert on March 21 spoke at the Awards Banquet at Chaffey College in Pomona. The following night he was the featured speaker at the Wrestling and Basketball Appreciation Banquet at Notre Dame High School in Riverside. On March 23 he addressed the same type of banquet at Central Union High School in El Centro. On May 17 he will address the All-Sports Night at Calexico High School. On June 21 Woolpert will again participate in the Basketball Clinic sponsored by University High School. Other participants in the clinic include Forrest Twogood, ex-basketball coach at University of Southern California, and Rudy La Russo, currently starring for the L. A. Lakers.

\*\*\*\*\*

Business Administration and Economics: Dr. Miller talked to a Lion's Club meeting in April at the U. S. Grant Hotel. The discussion was on current economic conditions and their anticipated future patterns. On May 26 Dr. Miller will participate in a State of California Employment Service Training Program, offering a lecture on industrial relations. The program is for the Employment Service's supervisors and counselors.

An initial U. N. grant of \$5,000 has been awarded to Dr. Miller to write a "mathematics for management" text principally for use in underdeveloped nations. Dr. Miller will spend the summer at the International Labour Organization Headquarters in Geneva, Switzerland, preparing material for the text. While in Geneva, Dr. Miller will also be a member of a U. N. economics-management team mission to several of the eastern European nations.
