Academic Support

The USD Athletic Academic Support Program is designed to promote the academic development of student-athletes. The primary objective is to offer the necessary resources for the academic success of student-athletes as they work to earn their degree. Academic Support Services are designed to enhance the student-athlete's overall collegiate experience and encourage development and attainment of academic and career goals. In addition, student-athletes are encouraged to utilize the campus learning centers including the Writing, Math and Logic Centers as well as to take advantage of the resources available to them in the Career Center, Counseling Center and Computer Labs.

Sarabeth Pollock is in her first year as the Coordinator of Athletic Academic Support for the University of San Diego. She has worked as a tutor in the Athletic Department since the fall of 2001. Pollock earned her Bachelor of Arts degree in Political Science and History, with a minor in Spanish, from USD in 2002. She speaks Spanish and French fluently. A 5th generation San Diegan, she resides in Point Loma with her family.

Robyn Fortney is in her first year as the Coordinator of Athletic Student-Services for USD. She coordinates the CHAMPS/Life Skills program which promotes the personal development of student-athletes. Also, she is an Academic Counselor to football, women’s rowing and men’s rowing. From nearby Rancho Bernardo, Fortney earned her Bachelor of Arts degree in Communications, with a minor in Leadership, from USD in 2002. She was a four-year member of the USD women’s basketball team from 1998-2002, including the 2000 squad that advanced to the NCAA Tournament. In 2004, she received her Master’s Degree in Sports Management from the University of San Francisco.

"The greatest challenge to a Division I athlete is to balance the demands of sport while taking full advantage of the educational experience offered. The purpose of our program is to assist student-athletes in meeting this challenge by offering tutoring, advising, mentoring and a quiet environment to study. The academic support program is designed to assist students in adjusting to life at USD and developing sound academic and career plans. By promoting a philosophy of individual responsibility, which encourages each student-athlete to value their educational experience, the academic support program assists each athlete to realize their full potential."

SETTING

The University of San Diego is an independent Catholic institution of higher education. Founded in 1949, USD is located on 180 acres overlooking Mission Bay, San Diego Harbor and the Pacific Ocean. The campus is named Alcalá Park and is located just 10 minutes from downtown San Diego. The campus was named after a Spanish village near Madrid - Alcalá de Henares. Founded by the Greeks as Complutum, the village was later renamed Al Kala (the Castle) by the Moslems. Christians recaptured the village centuries later and founded a university whose buildings became the inspiration for USD's architectural style.

THE CAMPUS

The USD campus is regarded as one of the most architecturally unique institutions in the country, featuring major buildings designed in an ornamental 16th century Spanish Renaissance style. Since 1984, USD has completed numerous major construction and expansion projects. In 2000 the Jenny Craig Pavilion, a 5,100-seat athletic center, opened its doors as home to USD volleyball and basketball. In the Fall of 2001 the Joan B. Kroc Institute for Peace and Justice opened on the west end of campus, and a new Science and Technology Center recently opened for the 2003-04 academic year. A five-story, Spanish Renaissance parking garage (1,100 spaces) was completed in 1988. A landscaped fountain plaza was finished in the fall of 1995, connecting the entrances of the Immaculata and Hughes Administration Center. In 1992, the university completed the 45,000 square foot Loma Hall, which includes an expanded bookstore, a larger mail center, classrooms and laboratories.

ACADEMICS

USD enrolls more than 7,400 students who have a choice of more than 60 undergraduate and graduate degree programs. The university's academic units include the College of Arts and Sciences, and the Schools of Business Administration, Education, Law and Nursing. Class size generally averages between 15-25 students with the student to teacher ratio being 14:1. Over 97 percent of USD's full-time faculty hold doctorates. In the annual ratings of the country's colleges and universities, published by U.S. News & World Report, USD moved from the regional to national category in 1994. The university consistently ranks among the top schools in the United States.
USD is committed to providing the best medical care possible for its student-athletes. Certified Athletic Trainers, Student Athletic Trainers and Team Physicians directed by Paul C. Murphy, MD work together to provide injury prevention, immediate care and rehabilitation.

San Diego, California  ‘America’s Finest City’

San Diego is truly America’s Finest City. A modern metropolis (second largest in California) and a popular year-round resort, San Diego spreads from the coast to the desert, including cliffs, mesas, hills, canyons and valleys. San Diego also surrounds one of California’s greatest natural harbors which has been a dominant factor in determining the city’s history, economy and development.

Meteorologists claim San Diego as the country’s only area with perfect climate. This ideal year-round environment posts an average daytime temperature of 70 degrees, with an annual rainfall average of less than 10 inches. Most days are sunny, with humidity generally low, even in the summer. The climate, attractive setting and recreational facilities make San Diego “America’s Finest City.”

According to Sports Illustrated, “For sheer numbers of participants, diversity of pursuits of involvement, San Diego must rank as the sports fitness capital of the U.S.”

Sports are a major feature of the San Diego lifestyle. One can sail, swim, surf, scuba dive, snorkel, wind-surf on 70 miles of public beach or golf at any of the over 80 golf courses throughout the county.

Balboa Park, a 1,158-acre recreation and cultural center, offers 25 tennis courts, two gymnasiums, two municipal golf courses, and one of the nation’s finest zoos. Mission Bay Park is a 4,600-acre playground for jogging, fishing, bicycling, tennis, golf, jet skiing and kite flying.

As well as participating in recreational activities, San Diego supports their professional teams – the NFL Chargers at Qualcomm Stadium and the National League Padres play at Petco Park. During college football bowl week, San Diego annually hosts the Pacific Life Holiday Bowl in late December. During 1998, Qualcomm Stadium hosted the Super Bowl game between Denver and Green Bay; followed by the World Series between the San Diego Padres and the New York Yankees. The Super Bowl returned to San Diego in 2003 with the Tampa Bay Bucs beating the Oakland Raiders.

Whatever sporting activity there is, it’s here in San Diego -- the sports capital of the U.S.!
Season Preview

For the University of San Diego women's basketball team, the 2005-2006 season promises to be unlike any other. This year, the word around the Jenny Craig Pavilion is "new": new coaching, new players, new program, an overall new freshness and vivacity for the Torero program.

The new Torero vision begins, first and foremost, with newly appointed head coach Cindy Fisher who was announced to the position in April of 2005. Fisher comes to San Diego after making three consecutive postseason tournament appearances, first as head coach at Wyoming and more recently spending the past two seasons as the top assistant at the University of Nebraska.

"USO was the right job I have always been interested in," says Fisher. "It has a high academic standard and, having been raised Catholic, it fits my spiritual side too. It was just a good fit. I didn't know if the opportunity would ever open up, but I'm really glad it did."

With Fisher comes an entirely new coaching staff that she knows well, with all three of San Diego's new assistants having worked with Fisher at some point during her collegiate coaching career that spans 16 seasons. Top assistant, Mary Ann Falcosky, worked with Fisher during her entire five-year campaign at Wyoming, as did assistant Aubrey Eblin. Niecee Nelson served as graduate assistant for Fisher at Wyoming.

"To bring in staff from before, I knew exactly what to expect as far as their work ethic, their strengths, their weaknesses," comments Fisher. "I knew exactly where to put them to use. Some people spend their entire lives looking for a great staff and I have mine right here with me."

The key this year for the Toreros, says Fisher, will be defense. With the season-ending injury to 6-foot-5 all-league sophomore Amber Sprague, an issue the San Diego women face will be their size, or lack thereof. "We have to make up for our size," says Fisher. "We'll use our size to our advantage on offense and defense to pull people away from the basket. We have really good scorers even though we're undersized. The key is to let the defense create the offense."

Fisher inherits a Torero team that returns four starters, including senior guard Tiara Harris, another 2004-2005 All-WCC selection.

"Everyone is extremely open to the new changes," says Harris. "Our overall vision is to win the WCC and to do so by being in great condition. As a senior, I want to lead by example. This is a great starting point to some great things."

A new determination and a more intense work ethic highlight every San Diego practice and will be the basis for the entire 2005-2006 season.

"I'm in the best shape of my life!" says six-foot freshman forward Kiva Herman, who is one of four new players on Fisher's roster this fall.

The Torero season tips-off on November 9 with a pre-season exhibition match against Point Loma Nazarene. Their schedule includes home games against No. 2 Duke and NCAA Sweet-16 qualifier Arizona State as well as road contests against Georgia Tech and UC Riverside. West Coast Conference action begins in early January.

"It's a new beginning," says Herman. "I can tell things are changing."
The West Coast Conference is dedicated to providing opportunities for student-athletes to achieve their fullest potential, both on the playing field and in the classroom.

The eight WCC member institutions span the western coast of the United States, from the pine forests of Eastern Washington, to the Columbia River Basin, to the dynamic San Francisco Bay Area and the sunny beaches of Southern California.

The league is characterized by the stability of its membership—only two conferences have been together longer—and its unique emphasis on combining excellence in athletics with excellence in academics.

A nationally recognized and competitive force in intercollegiate athletics, the WCC sponsors 13 sports: men’s and women’s basketball, soccer, tennis, cross country, and golf; baseball; and women’s volleyball and rowing. The WCC has produced 34 NCAA individual or team champions and numerous Academic All-Americans. Many outstanding WCC student-athletes have also gone on to excel in professional sports.

The long and rich history of the WCC demonstrates that success in intercollegiate athletics can be built on the foundation of values, character and academics.

After graduation, she served as a physical education instructor at Mesa Community College from 1988 to 1990, before completing her Master's Degree in Physical Education with an emphasis in Administration of Sport at Illinois State in 1992.

Cindy Fisher
Head Coach
1st season at USD

Cindy Fisher was named the University of San Diego head women's basketball coach on April 19, 2005, as announced by Ky Snyder, USD's Executive Director of Athletics. Fisher, Nebraska's top assistant the past two seasons, and head coach for Wyoming between 1998-2003, becomes USD's third head coach dating back to the program's inception in 1978-79. She takes over for Kathy Marpe who stepped down after directing the program for 25 years.

"We are very excited to have Cindy Fisher join our program," said Ky Snyder, Executive Director of Athletics. "Cindy has demonstrated the ability to turn a program around and she has done so while emphasizing academic success. She is a true proponent of the student-athlete and we believe she can lead our program on a campaign to win the West Coast Conference Championship."

Fisher, 40, helped lead Nebraska to back-to-back appearances in the WNIT during her two seasons with the Huskers. In 2004-05 the team finished 18-14 overall and 8-8 in the Big 12. The Huskers recorded the program's first win over a top 5 team with its 103-98 victory over eventual NCAA National Champion Baylor in January of 2005. They also posted Big 12 wins over No. 14 Iowa State and Oklahoma, both NCAA Tournament participants. Fisher recruited and coached Big 12 Newcomer of the Year, Jelena Spiric, and recruited and developed post player, Danielle Page, who earned Big 12 Rookie of the Week honors twice.

"I am excited, ecstatic about the opportunity to lead this program," commented Fisher at the press conference announcing her as the Toreros' head coach.

"The one thing that I know (the players) can count on from me is that I will embrace all of them with open arms. The things you can expect from this is going to be a strong work ethic from myself, my staff and my team... a deep passion for the game of basketball and building this into something we can be very proud of."

"When I decided to go back into pursuing a head coaching position, I talked significantly about being a part of a program that I believe in 100 percent. That is a program that I can sell to student-athletes, not only academically, personal growth, but to put ourselves in a position to win championships. I think all of those things can be done at the University of San Diego."

During the 2003-04 campaign the Huskers finished 18-12 overall and produced one of the top 10 turnarounds in NCAA Division I women's basketball with 10 more victories. The team earned two wins over top 25 teams; the team cracked the top 25 national rankings for the first time since 1999; and the 2004 recruiting class was ranked 28th nationally.

In five seasons as the head coach at Wyoming, Fisher compiled a 59-81 record. However, Fisher's accomplishments at Wyoming go well beyond her overall coaching record. Fisher's Cowgirls showed improvement in each of her five seasons, culminating with an 18-12 mark in 2002-03. The 18 wins were the school's most victories since 1989-90. She also led the Cowgirls to their first postseason appearance since 1989-90 with a trip to the 2003 WNIT, where Wyoming notched a first-round win over Montana. The WNIT win over Montana marked the first postseason victory in Wyoming women's basketball history. Her 2001-02 team at Wyoming finished No. 1 in the country in academic excellence with a team GPA of 3.486.

"The 'Torero' represents courage, honor and fidelity and those three characteristics you will see in our teams and our staff," added Fisher. "I am excited about where this is going. I am going to embrace the community, the University and I am excited to be your head women's basketball coach."

Before taking the job at Wyoming, Fisher spent three seasons as an assistant coach at Old Dominion. She served as the Lady Monarchs' recruiting coordinator and scheduling coordinator and prepared scouting reports while also acting as the team's public relations liaison. During her three-year stint, ODU compiled a 92-8 record, including a 34-win season and a pair of 25-win seasons. Old Dominion advanced to the national championship game in 1997, and qualified for the Sweet 16 in each of her three seasons. Fisher also built up her coaching resume with stops at Weber State (1994-95), Mesa CC in Arizona (1988-90; 1993-94), and Illinois State (1992-93; graduate assistant, 1990-92).

From Cheyenne, Wyoming, Fisher was a three-year starter at Cheyenne Central High School, before competing at Eastern Wyoming College in Torrington. Her career was cut short by a hip injury, but she earned her associate's degree in 1994. She transferred to Arizona State and graduated with a Bachelor of Science degree in Physical Education with an emphasis in Exercise Physiology in 1986.

After graduation, she served as a physical education instructor at Mesa Community College from 1988 to 1990, before completing her Master's Degree in Physical Education with an emphasis in Administration of Sport at Illinois State in 1992.

WCC BASKETBALL TOURNAMENT HEADS TO PACIFIC NORTHWEST

The West Coast Conference Basketball Tournament heads to the Pacific Northwest in 2006 as Gonzaga University hosts the WCC's premier event for the first time at the McCarrthy Athletic Center. For the fourth consecutive season, the men's championship will use an 8-Team/Play-in format, while the women's championship will use the traditional No. 1 vs. No. 8 format with no byes for the second straight year. The women will play March 2-5, 2006 and the men will square-off March 3-6, 2006. The 2006 championship begins a two-year Northwest stint for the WCC Tournament, as the event will be held at the University of Portland in 2007 before returning to Southern California in 2008 and 2009.

RESERVED SEATS NOW AVAILABLE!

Order tickets through the USD ticket office by calling (619) 260-7550.

WCC TOURENHY FORMAT

Women's Format
For the second straight year, the tournament will use the traditional No. 1 seed vs. No. 8 seed format for the women's championship. All eight WCC schools will play on the first day of the tournament with the No. 1 seed facing the No. 8 seed, the No. 2 seed facing the No. 7 seed, the No. 3 seed facing the No. 6 seed, and the No. 4 seed facing the No. 5 seed. The women will play the first round on March 2, 2006 with a day off on March 3rd. Play will resume with the semifinals on March 4th and the championship game on March 5th.

Men's Format
Under the format that was adopted in 2003, the #5 through #8 seeds will compete in the opening round to determine who will advance to the next round of the tournament. Waiting for the winners in the quarters will be the #3 and #4 seeds, who will have first round byes. The winners of the quarterfinal match-ups will go head-to-head with the #1 and #2 seeds, who will have byes through the first two rounds of the tournament.

What do I need to do in order to play at San Diego as a freshman?
If you intend to participate in Division I or II athletics as a freshman, you must register and be certified by the NCAA Initial-Eligibility Clearinghouse. Your high school counselors should provide you with a student-release form and a brochure titled, "NCAA Guide for the College-Bound Student-Athlete." In order to be registered with the clearinghouse, you must complete the student-release form and mail the top (white) copy of the form to the clearinghouse along with the $50 registration fee. Give the yellow and pink copies of the form to a high-school official, who then sends the yellow copy, along with an official copy of your high-school transcript that includes your SAT or ACT score(s), to the clearinghouse. Your high school should keep the pink copy for its files. You may also register online at www.ncaaclearinghouse.net. After graduation and before the school closes for the summer, your school also must send the clearinghouse a copy of your final transcript that confirms graduation from high school. Your counselors can obtain registration materials, at no cost, by calling the clearinghouse at (319) 337-1492 or (877) 262-1492.

How do I know if I’m being recruited?
You become a “prospective student-athlete” when you start ninth-grade classes. Before the ninth grade, you become a prospective student-athlete if a college gives you (or your relatives or friends) any financial aid or other benefits that the college does not provide prospective students generally. You become a “recruited prospective student-athlete” at a particular college if any coach approaches you (or any member of your family) about enrolling and participating in athletics at that college. Activities by coaches that cause you to become a recruited prospective student-athlete are (1) providing you with an official visit; (2) placing more than one telephone call to you or any other member of your family; or (3) visiting you or any other member of your family anywhere other than the college campus.

Boosters:
In addition to general recruiting regulations, no alumni, boosters or representatives of a college’s athletics interests can be involved in your recruitment. There can be no phone calls or letters from boosters. If a USD booster is contacting you, please call the San Diego Compliance Office as soon as possible at (619) 260-4755. Don’t risk your NCAA eligibility!

When can I talk to the coach and have him/her see me play?

Telephone Calls:
In all sports other than football, phone calls from staff members (but not boosters) are not permitted until July 1 after the completion of your junior year. In sports other than football, one telephone call to a prospect may be made during March of the prospect’s senior year in high school. In both men’s and women’s basketball, one telephone call to a prospect may be made on or after June 1 following the prospect’s junior year. Only three calls to a prospect may be made in July following a prospect’s junior year, with no more than one call per week. In Football, a prospect may receive one phone call in May of the prospect’s junior year in high school and may start receiving additional calls after September 1 of your senior year. After this, a college coach is limited to one telephone call per week to you (or your parents or legal guardians), except that unlimited calls to you (or your parents or legal guardians) may be made under the following circumstances: (1) during the five days immediately before your official visit by the college you will be visiting; (2) on the day of a coach’s off-campus contact with you by that coach; (3) on the initial date for signing the National Letter of Intent in your sport through two days after the initial signing date; and (4) you (or your parents) may telephone a coach at your expense as often as you wish. After a National Letter of Intent is signed, unlimited calls may be placed to the prospect.

Off-Campus Contacts:
A college coach may contact you in person off the college campus only on or after July 1 after the completion of your junior year in high school. In sports other than football, one in-person, off-campus contact with a prospect is allowed during April of the prospect’s junior year of high school. The contact must take place on the prospect’s high school campus and follow restrictions on the sport’s recruiting calendar. A contact is any face-to-face meeting between a college coach or athletics staff member and you or your parents, during which any of you say more than “hello.” Also, any such face-to-face meeting that is prearranged or that takes place on your campus, at an organized competition or practice involving you or your high school, preparatory school, two-year college or all-star team shall be considered a contact, regardless of the conversation. Currently in all sports other than football, college coaches may contact you off the college campus no more than three times. However, a college coach may visit your high school (with the approval of your high school principal) only once a week during contact period.

Evaluations:
An evaluation is any off-campus activity used to assess your academic qualifications or athletics ability, including a visit to your high school (during which no contact occurs) or watching you practice or compete at any site. Currently in all sports other than football and basketball, a college coach is limited to seven opportunities (contacts and evaluations combined) to recruit you and not more than three of the seven opportunities may be contacts. In basketball, coaches have a limit of five opportunities with which to recruit you (contact and evaluations combined) off the college campus. Not more than three of those five opportunities may be contacts. In football, a coach has three evaluation opportunities and six contact opportunities. Once you sign a National Letter of Intent, you may be evaluated an unlimited number of times by a college coach from the college with which you have signed.

Letters:
Letters and printed recruiting information may be sent to you starting September 1st at the beginning of your junior year in high school. However, you may still contact a university prior to this date to receive general (non-athletic related) information. You may also complete an athletic questionnaire prior to this date.

What Can I Receive from San Diego?
You (or your family) may not receive any benefit, inducement or arrangement, such as cash, clothing, camp, improper expenses, transportation, gifts or loans to encourage you to sign a National Letter of Intent or attend an NCAA college. The University of San Diego may offer you a one-year scholarship that covers room and board, tuition and fees, and required course-related books, or any part of these. The institution can recommend that this aid be renewed each year, as is the general practice at the University of San Diego.

Who do I contact with any Questions on Eligibility?
You may contact Shaney Fink, USD’s Associate Director of Athletics for Compliance and Student Services/SWA at 619-260-4755 or by email at fink@sandiego.edu.
The University of San Diego is very proud of the student-athletes that represent our institution on 16 men's and women's NCAA Division-I athletic teams. These are proud and serious competitors, honored to represent the University. The dedication you witness on the playing fields, on the court, on the course, or in the water is greatly matched in the classrooms, the laboratories, on stage, or in the community. Last year forty percent of our student-athletes carried a grade-point average above 3.2, and nine of our teams had a cumulative grade-point average above 3.0.

Athletics is vital to the University of San Diego, a way students, faculty, staff and alumni come together as one community. I am both a university president and a Torero fan; I look forward to sharing the excitement of Torero athletics with our many fans.
