JUNE 1982

"EASY DEATH" SEMINAR TO BE HELD AT USD

Dr. Frans Bakker, director of The Radiant Life Clinic and Research Center, is being sponsored by The Laughing Man Institute in La Jolla to do a lecture and seminar here in San Diego. Born in Indonesia, he grew up in Holland where he attended the University of Leiden and co-founded the Rotterdam Medical Center. This center is well-known throughout Europe for its multi-disciplinary, coordinated approach to the health care of families in their social environment. It has served a population of 25,000 with the team effort of 30 social workers, physical therapists, clergyman, nurses, midwives, psychologists, and doctors. He later became the founder of The Institute for Humanistic Medicine in Holland.

In 1976, he moved to the United States where he became associated with the American Spiritual Master, Da Free John. Over the years, Dr. Bakker has been involved in an in-depth study of the processes of death and dying. He is currently presenting the most recent and complete findings on this increasingly controversial subject. His lectures deal with such questions as:

- Who or what dies.
- Is it true that "when you're dead, you're dead."
- What should you do at the moment of death?
- How can you truly serve the death process in another?
- What is the truth behind near-death and after-death experiences?

It's time that a lot of the myths, taboos, and misunderstandings about the death process are revealed for what they really are. It's important that a person understands this transition which absolutely occurs in every human being's life. By having a better understanding of what death and dying are about, there is a fuller capacity to approach this event with dignity, wisdom, and a lessening of the fears associated with such a profound moment in one's life.

Dr. Bakker will be speaking at The Laughing Man Institute at 2160 Avenida de la Playa in La Jolla on Wednesday, June 16th at 8:00 p.m. He will also be doing a two day seminar with films, video-tapes, workshops, etc., at the University of San Diego on June 19th and 20th. Please call 459-9109 for further information. ★

Prayer In School Will Be Subject Of Monday Seminar

"Prayer in School: A Dilemma for American Society," part of the 1982 Clergy Dialogue Series, will be held from 11 a.m. to 1 p.m. Monday at the University of San Diego's Camino Lounge.

The speaker will be Dr. Charles Ballinger, a San Diego County Board of Education representative and president of the local chapter of Americans United for Separation of Church and State. He is also chairman of the Ecumenical Conference Social Service and Issues Committee.

Respondents will include the Rev. Richard Duncanson, chairman of the Roman Catholic Diocese's Ecumenical Commission; the Rev. James Mishler, executive director of the conference; and a representative of the Jewish Community.

President Reagan recently announced that he would support a constitutional amendment that would provide for voluntary prayer in public schools. Reaction from secular and religious organizations has been sharp, both in support and in opposition.

Many church groups and Americans United have opposed such a step. The Most Rev. Leo T. Maher, bishop of the Catholic Diocese here, has supported such an amendment, as have leaders of the conservative Christian churches.

The charge for the seminar is \$5 including lunch. The seminar has been organized by representatives of the San Diego Ecumenical Conference, Rabbinical Association, Southeast Interdenominational Ministerial Alliance, National Conference of Christians and Jews, United Jewish Federation, American Jewish Committee, Roman Catholic Diocese, Anti-Defamation League and the Office of Continuing Education at USD.
