This Newsletter is brought to you for free and open access by the Faculty News at Digital USD. It has been accepted for inclusion in Faculty Newsnotes by an authorized administrator of Digital USD. For more information, please contact digital@san Diego.edu.

FACULTY NEWSNOTES

Edited by Debbie Gough

April 19, 1985

175

OFFICE OF THE PRESIDENT

Commencement:

The Board of Trustees has approved a new plan which will begin in 1986. The main Commencement will be the undergraduate ceremony; there will be two "subsidiary" Commencements - one for the Law School and one for graduate students.

In addition, emphasis will be placed on honorary degree recipients who will be invited to say a few words rather than give a Commencement "address." Such persons will have demonstrated in a preeminent way their commitment to the values for which USD stands, and also may have made an impressive contribution in the area of their career or volunteer endeavor. In the past, efforts were made to bring writers, actors/actresses, entertainers, political figures, etc. who were sought after by at least 1200-1500 other institutions of higher education to USD. Such individuals, incidentally, may have fit in with USD values. Now focus will be on identifying people, doubtless lesser known, whose value system and life interests are a significant "fit" with what USD says it stands for.

In light of the above criteria, the Chair of the Commencement Committee, Mr. Nicholas DeTuri, solicits suggestions for honorary degree recipients for the 1986 undergraduate Commencement from faculty and administrators. Please send such suggestions to him at the Registrar's Office by May 1, 1985.

OFFICE OF THE PROVOST

Internal Publication of Faculty Salary and Compensation Data:

Appended to these Newsnotes are tables of data on the salary and compensation of our full-time faculty for 1984-1985. Similar data has been published each year since 1974. The first table contains the institutional summary, as reported (in a more complex form) to the Department of Education. The following tables show the breakdown by School/College. In order to avoid the identification of individual salaries, ranks with fewer than five persons are combined with one another, as noted, or are not reported. It is for this reason that ranks are combined in some units. Only summary data is reported for the Schools of Nursing and Education.

The School of Law has provided, as in previous years, comparative statistics from other law schools showing national and state medians and USD's relative position. The average salary and compensation figures on this chart differ from those on the other Law School table because the Law School includes Directors and Associate Deans in their faculty figures, and the Institutional Research department does not.

Undergraduate Majors at USD:

The Registrar's Office, at the request of my office, has provided a listing of the number of students who have declared a major in the various academic disciplines. This information has been provided each fall semester for the past several years, and for the spring semester as well. Data on declaration of majors is in constant flux as students change their majors or move from "undeclared" status to a declared major. The data should, therefore, be considered only an approximation. Data is based on official declaration of major on proper forms in the Registrar's Office; informal arrangements with faculty or department chairs do not constitute a declaration of major by the student. Because changes of major are rare among seniors, less common among juniors, and quite usual among sophomores and freshmen, it is relevant to know the level of students listed. Hence, information on undergraduate majors has been subdivided into upper division and lower division students. The chart (page 13) is attached.

UNIVERSITY SENATE

Attached to these Newsnotes is the newly-approved policy on Academic Integrity. Please detach this policy and place it in your Faculty Handbook.

The policy was passed in the University Senate in February and approved by the Board of Trustees at its meeting on March 8, 1985. The Cabinet has formed a committee to help implement the policy. More information will be provided on the implementation in future issues of the Newsnotes.

COLLEGE OF ARTS AND SCIENCES

The University has received official notification from the National Endowment for the Humanities that we have been awarded \$70,000 for a Preceptorial Cluster Project. In this project, Preceptorial classes will group together on a regular basis to discuss such themes as "nature and limits of expression" and "humanities and technology." The first clusters will begin in the fall semester, 1985.

NROTC

Captain C. F. O'Keefe and the staff of the USD/SDSU NROTC Unit cordially invite the USD faculty to the NROTC Spring Awards Ceremony to be held at Torero Stadium at 3:00 p.m. on Tuesday, April 30, 1985. The Awards Ceremony

is held annually to recognize noteworthy academic and military achievements by midshipmen from the University of San Diego, San Diego State University, and the University of California, San Diego. In addition to the presentation of awards to unit midshipmen by a number of San Diego civic organizations and remarks by Rear Admiral Holland, Commander Submarine Group Five, the Awards Ceremony will feature the Midshipman Battalion Change of Command and a Pass-in-Review by the Midshipman Battalion. Faculty members are invited to join the midshipmen, their parents, and the NROTC staff at a reception at Torero Field following the Awards Ceremony.

OFFICE OF STUDENT AFFAIRS

Blood Drive:

On Tuesday and Wednesday, April 23 and 24, the San Diego Blood Bank, in conjunction with the Office of Student Affairs and the Biology Club, will be holding a Blood Drive in Salomon Lecture Hall from 9:00 a.m. to 2:00 p.m. This is the last of three blood drives to be sponsored this year. Students, faculty and staff are all encouraged to donate during this two-day blood drive. You can choose, at the time of donation, to put the blood towards the USD Reserve Fund, administered by Karen Reed in Serra 200.

February's blood drive was very successful, with 122 eligible donors and 116 credits received for the USD Reserve.

VARIA

Ms. Mimi Kairschner, English Department, attended a conference in Santa Barbara on Dickens in His Time, in February. She was a respondent on a panel on "Figures of Allegory in Morton Chuzzlewit."

Her article "The Traces of Capitalist Patriarchy in the Silences of The Golden Bowl" will appear in the Spring, 1985, issue of the Henry James Review.

Mr. David Tiedemann, Director of the Media Center, was appointed Vice Chair of the Microcomputer Committee of the Association for Educational Communications and Technology. This committee recently rewrote the microcomputer standards section in the AECT Standards for College and University Resources Programs.

On March 8, Dr. John Marambio, Foreign Languages, presented a paper on "La mujer y el orden en la obra narrativa de Julio Cortázar" during the International Symposium on the Hispanic Woman as Literary Figure and Writer at SDSU.

At the 65th Annual Conference of the Association of College Unions - International (ACU - I) held at the Hotel Del Coronado, Dr. Tom Cosgrove delivered two papers: "Understanding How College Students Think: Applications of Perry's Model of Intellectual Development" and "Promoting Student Development Through a Mentoring-Transcript Program."

Dr. Cosgrove has also been asked by the National Association of Campus Activities (NACA) to chair a committee on the Student Development Transcript, the purpose of which is to gather information about Student Development Transcript Programs nationally in order to update the Clearinghouse on Co-curricular Transcripts now established at the NACA national office.

Barbara Burke and Linda Scales, Co-Directors of Career Counseling and Placement, chaired the Program Committee for the 1985 Western College Placement Association Conference at the Hotel Del Coronado. They selected and arranged for all major speakers and workshops at the 3-day conference.

"Effects of Normative Information on Task Performance," by Dr. Miriam Rothman, School of Business, and Terence R. Mitchell and Robert C. Liden, was published in the February, 1985, issue of Journal of Applied Psychology.

Dr. Robert Infantino, Director of Teacher Education, made a presentation to the Sixth Annual Reading/Language Arts Conference of San Diego State University on March 2, 1985. The title of the presentation was "Reading and Writing: Touching the Feelings." He has also made presentations on "Teaching Writing Across the Curriculum" to the faculty at La Jolla Country Day School, the faculty and staff of North Terrace School in Oceanside, Saint Francis School in Vista, the writing workshop at Washington Middle School in Vista, and at the USD Continuing Education Program in Vista.

Dr. Infantino was also a member of the program committee of the Annual Conference of the California Association of Teachers of English (CATE). He is now preparing for his fifth summer program as Director of the San Diego Area Writing Project to be held June 24-July 26 at UCSD. Interested faculty members should contact Dr. Infantino (x 4538) for information.

Dr. Patricia Lowry, School of Education, served as a member of the WASC Evaluation Team at the School of the Madeleine in the San Diego Diocese on March 18-20. Dr. Lowry's major areas of responsibility were School Philosophy and Curriculum areas in History, Geography and Language Arts.

Sara Finn, Director of Public Relations, has been elected to a three-year term on the Executive Committee of Public Relations Society of America, Educational Institutions Section. Ms. Finn has also been elected Vice President of Public Relations Association of Southern California Schools and Colleges and Vice President of the All Hallows Parish Council, La Jolla.

Dr. Virginia Muller, Political Science, chaired and served as a discussant for a panel, "Ethnic Women and Public Life," at the Western Political Science Association annual meeting in Las Vegas in March. This month, she will present a paper, "Mary Wollstonecraft: Feminism and the Political Tradition," at the Western Social Science Association annual meeting in Fort Worth. Dr. Muller also had a review of Paul Seabury and Walter A. McDougall's The Grenada Papers published in the February 1 issue of Library Journal.

"California Supreme Court Approves Party Endorsements in Nonpartisan Elections," by Dr. Michael Ross, Political Science, was published in the February, 1985, issue of the Comparative State Politics Newsletter.

Dr. C. Joseph Pusateri, Dean of Arts and Sciences, was a panelist at a Western College Association session on Values and the Changing Curriculum on April 11. The paper he delivered, co-authored with Dr. Lawrence Hinman, Philosophy Department chair, dealt with the teaching of ethics at USD. On April 12-14, Dr. Pusateri attended the annual convention of the National Association of Broadcasters/Broadcast Education Association held in Las Vegas. He is a member of the Broadcasting History Committee of the NAB/BEA.

TABLE 1

FACULTY MEMBERS: NUMBERS, SALARIES, FRINGE BENEFITS—TOTALS, AVERAGES, AND SALARY QUANTILES—
BY ACADEMIC RANK

(cc. 6±1)

(Standard Academic Year Basis, 1984-1985) ALL ACADEMIC UNITS *

07. Salary Quartiles for All Ranks Combined: (See directions on Table 7)					Highest Quartile		Median		Lowest Quartile					

Column (2): Number of Full-time Faculty Members. See Definitions and Instructions (p. 1) for more details.

Column (3): Enter total salary outlay by academic rank for the full-time faculty members included in column (2). All salaries should be reported on a standard academic year basis as described in Definitions and Instructions, page 1.

Column (4): In order to insure comparability of data among institutions use Table 3 of this questionnaire. Insert in Table 1, column (4), the total countable fringe benefits figures shown in Table 3, line 11.

Columns (6), (7), and (8): These are simple arithmetic averages; that is, the data of columns (3), (4), and (5), respectively, divided by the number of full-time faculty members give in column (2).

Column (9): This figure which represents the fringe benefits as a percent of average salary should be rounded to the nearest tenth (e.g., 10.87 = 10.9).

Columns (10), (11), and (12): These columns should include the same data as those reported in columns (2), (3), and (6), but for MEN faculty members ONLY. The same data but for WOMEN faculty members ONLY should be reported in columns (13), (14), and (15).

IMPORTANT: Data in heavier-ruled boxes will be considered PUBLISHABLE unless the respondent indicates otherwise (use margin below). The ratings which will be based on 1974-75 actual distribution of average compensation (col. 8) will be sent to individual institutions prior to their publication. To preserve confidentiality of individual salary figures, data for columns (8) and (9) will NOT BE PUBLISHED for any rank with five or fewer faculty members. Similarly, the data reported in columns (12) and (13) will NOT BE PUBLISHED for any rank with five or fewer faculty members in either column.

*Not including tuition remission

**Includes 2 instructors and 1 lecturer

Academic Rank (See 7-8)	Number of Full-time Faculty (2)	Salaries and Fringe Benefits of Full-time Faculty Members								Salaries of MEN only		Salaries of WOMEN only		
		Total Salaries (3)	Total Fringe Benefits (4)	Total Compensation (3+4) (5)	Avg. Sal. (3 ÷ 2) (6)	Avg. F-B (4 ÷ 2) (7)	Avg. Comp. (5 ÷ 2) (8)	F-B as % Sal. (7 ÷ 6) (9)	Number of MEN (10)	Total Salaries (11)	Avg. Sal. (11 ÷ 10) (12)	Total Salaries (14)	Avg. Sal. (14 ÷ 13) (15)	
01. Prof.	4								4					
02. Assoc.	4								3			1		
03. Asst.	3								2			1		
04. Instr.														
05. Lect.														
06. All Rks.	11	359,161	83,845	443,006	32,651	7,622	40,273	23.3	9	304,061	33,785			
07. Salary Quartiles for All Ranks Combined: (See directions on Table 7)														
										Highest Quartile	Median	Lowest Quartile		

Column (2): Number of Full-time Faculty Members. See Definitions and Instructions (p. 1) for more details.

Column (3): Enter total salary outlay by academic rank for the full-time faculty members included in column (2). All salaries should be reported on a standard academic year basis as described in Definitions and Instructions, page 1.

Column (4): In order to insure comparability of data among institutions use Table 3 of this questionnaire. Insert in Table 1, column (4), the total countable fringe benefits figures shown in Table 3, line 11.

Column (6), (7), and (8): These are simple arithmetic averages; that is, the data of columns (3), (4), and (5), respectively, divided by the number of full-time faculty members give in column (2).

Column (9): This figure which represents the fringe benefits as a percent of average salary should be rounded to the nearest tenth (e.g., 10.87=10.9).

Column (10), (11), and (12): These columns should include the same data as those reported in columns (2), (3), and (6), but for MEN faculty members ONLY. The same data but for WOMEN faculty members ONLY should be reported in columns (13), (14), and (15).

IMPORTANT: Data in heavier-ruled boxes will be considered PUBLISHABLE unless the respondent indicates otherwise (use margin below). The ratings which will be based on 1974-75 actual distribution of average compensation (col. 8) will be sent to individual institutions prior to their publication. To preserve confidentiality of individual salary figures, data for column (8) and (9) will NOT BE PUBLISHED for any rank with five or fewer faculty members. Similarly, the data reported in column (12) and (15) will NOT BE PUBLISHED for any rank with five or fewer faculty members in either column.

* Not including tuition remission.
