COLLEGE VISITING DAY SLATED FOR ACCEPTED USD STUDENTS

IMMEDIATE RELEASE

3-18-74

San Diego, California

Answering the many questions about campus life that confront the university applicant will be the goal of "College Visiting Day" at the University of San Diego on March 30. Students who have been accepted to USD for fall 1974 and their parents have been invited to participate in the day-long program on the Alcala Park campus.

According to Michael Cihak, Assistant Director of Admissions, "We are expecting and in fact encouraging the most basic questions about college life. This program is geared as much for the parent as for the incoming student. They each want to know exactly what makes USD a unique learning atmosphere, and we hope that they'll leave with a better understanding of this."

Dr. Gilbert Brown, Vice President of University Relations will open the 10 a.m. general session in Salomon Lecture Hall. Dr. Edward E. Foster, Dean of the College of Arts and Sciences will discuss the liberal arts program, followed by a 20 minute film presentation of the University of San Diego.

At 11:15 a.m. visitors will meet with deans and administrators in informal discussions exploring various aspects of a university education: college costs, student life, undeclared majors, undergraduate, graduate and professional degrees.

During the 12 noon luncheon in the Camino Patio guests will talk with representatives from student clubs and fraternities. USD's coaches will be on hand to discuss the inter-collegiate athletic program, including football, basketball, baseball, tennis and golf.

From 1-2 p.m. guests will again meet with the deans of the four colleges (College of Arts and Sciences, School of Business Administration, School of Law, and School of Education) to answer more in-depth questions about their programs. College Visiting Day will be completed with tours of the campus at 2 p.m. conducted by students.

Invitations for the campus event, sponsored by the Admissions Department, have been extended to over 400 students in California, Arizona, and Nevada.
