## **The CRIMINAL LAW REPORTER**

---

To keep up with all that's happening today in the rapidly changing field of criminal law, you need The CRIMINAL LAW REPORTER. The scope of the REPORTER is as broad as the field it covers, ranging from the day-to-day interpretation and application of the existing criminal law as reflected in the opinions and proceedings of courts at every level . . . to the formulation of new legislation . . . to unconventional (and controversial) proposals for socio-economic approaches to crime and the criminal.

Each week you get a crisply written review and analysis of the latest criminal law developments. You get Supreme Court proceedings, arguments, actions, and filings. You get decisions and proceedings of federal courts of appeals and district courts, as well as the principal courts of all the states. You get a roundup of notable actions in Congress and the state legislatures. You get digests of reports and recommendations of commissions, associations, committees, the bar, and the press. You get the full text of all opinions of the U.S. Supreme Court in criminal cases, and of significant federal legislation. You get cumulative indexes every six weeks, and a final index for the six-month period covered by each REPORTER volume.

You get all this—plus a sturdy filing and reference binder—when you get The CRIMINAL LAW REPORTER.
