USD OPENS YEAR WITH RECORD ENROLLMENT

The University of San Diego will open for Fall classes on September 9 with a record enrollment. The Freshman Class will be the largest in its 27 year history although final figures will not be available until after registration. Indications are that there are also more transfer students as well as registrants in the Evening College.

The School of Law began classes on August 26 with 245 new 1st year students in the day program, and 107 new 1st year students in the Evening Division.

Dr. Author E. Hughes began his sixth year as President noting the progress made during the past five years as indications of a great deal of hard work on the part of everyone on the team. Hughes stated, "The 45% increase in enrollment over the past five years is truly remarkable by all national standards. It clearly is the result of vigorous efforts of a team committed to a common goal. The Admissions staff has been enlarged to meet the many requests we are now receiving in and out of state. Our resident areas are filled even with the additions of the Bahia Loma Apartments. The future of USD is very bright. The donor response has been very supportive. I am proud to be associated with a group of people who share a common goal - the continuance and the enrichment of value-based education."

Two new majors were added to the College of Arts and Sciences curriculum: Anthropology and Behavioral Science. A minor in Computer Science was added to the School of Business Administration programs.
