FOR IMMEDIATE RELEASE

IMED Corporation provides nursing scholarship

Registered nurses pursuing graduate education at the University of San Diego's Philip Y. Hahn School of Nursing were given a helping hand recently when IMED Corporation awarded the School a full scholarship of \$4,500, intended expressly for evening students working towards the Master of Science in Nursing degree.

According to Richard Cramer, IMED's chairman of the board and chief executive officer, the award was made to demonstrate IMED's commitment to the nursing profession. IMED is a privately-held international manufacturer of electronic infusion instruments and associated disposable administration sets used for administering intravenous solutions to hospital patients.

Dr. Arthur E. Hughes, president of the University of San Diego, and Dr. Irene S. Palmer, dean of the School, accepted the award from Cramer. Dr. Hughes described IMED's gift as "exemplary of corporate citizenship and the natural bond that exists between private enterprise and private higher education."

The Philip Y. Hahn School of Nursing, founded in 1974, enables the registered nurse to obtain baccalaureate and graduate degrees in nursing. The program leading to the

University of San Diego, 2.

Master of Science in Nursing degree is designed to prepare the professional nurse specialist in Family Health Nursing for a leadership role in providing nursing care and in the constructive development of more effective health care services. Graduates are prepared for specialty practice in Family Health Nursing and for a beginning position as a teacher or administrator.

The University of San Diego, a private Catholic institutions, enrolls some 4,800 students. In addition to its school of nursing, it is comprised of professional schools in law, education, and business administration. The undergraduate College of Arts and Sciences provides the core curriculum in the liberal arts and sciences.
