CONSTRUCTIVE DISCIPLINE TIPS
TOPIC OF BUSINESS UPDATE SEMINAR

A checklist of constructive approaches to disciplinary problems that will result in positive attitudes and long-term productivity gains will be provided by University of San Diego business Professor Robert O'Neil at a 7:30 a.m. Friday, Nov. 22, breakfast seminar.

The lecture, third in a series of ten USD Business School 1985-86 seminars, will be held at the Manchester Executive Conference Center. A 7:30 continental breakfast precedes the hour-long talk. Admission is $15.

"The easiest way to deal with erratic behavior is to look the other way, but invariably the problem gets worse," O'Neil said. "Other managers deal with the problem of disciplinary action in a harsh, punitive way, resulting in greater morale and behavior problems down the line."

This is the 13th series the business school has offered to enable San Diego business people to interact with USD's faculty to learn of recent developments in today's ever-changing business environment.

Members of the press are invited to attend. For more information, please contact John Nunes at 260-4682.
