To: Digital Initiatives Symposium proposal reviewers
Subject: late poster submission for Digital Initiatives Symposium 2017

Hello,

Please consider this late submission for a poster session at the upcoming Digital Initiatives Symposium. I confused the notification date of accepted proposals of February 6 with the deadline for submissions.

I'm including the proposal and a low-resolution version of the poster we'd like to share.

Many thanks and apologies for this late submission.

All best,
Claude Potts
