**Re:** Use of Data Collected by Dr. Elaine Henson

Ms. Shenwan Wang is requesting the use of the data from my evidence-based project “Screening for Post-Menopausal Osteoporosis in Women ages 30-64”.

All data have been cleansed of any patient or institutional identifiers. I am supportive of Ms. Wang using the data from my evidence-based project.

If you have any questions, please do not hesitate to contact me at (619) 740-5757 or [elaine.henson@sharp.com](mailto:elaine.henson@sharp.com).

Sincerely,

Elaine Henson, DNP
